"100,000 Welcomes"

How It All Began...

A continuation of a family-owned Irish Pub on Chase St. in Downtown Baltimore, Claddagh Pub opened our doors in the Spring of 1995. We decided as a family that this business was for us, and we were ready to bring this concept to Canton. At the time, Canton was going through a rebirth that would make it the "place to be" in Baltimore. Being born and raised on O'Donnell Street, Canton was already home for us but it was becoming unrecognizable with all of the new renovations by the younger generation. We made it our goal to become a staple in the Square as the city shifted around us.

28 years later, Claddagh Pub remains one of the oldest, most recognizable Irish Pubs in Canton. Thanks to our wonderful friends, old and new, and the employees that have come through our doors, we continue to be the best we can be. We love what we do and plan to continue this adventure for many years to come.

*Sincerely,
Claddagh Family*
